

Lights Of Euphoria, Temple Of Light

I'm crawling deeper in
Deep under your skin
I'm coming tonight
To destroy your temple of light

I'm getting closer now
Closer to your heart
Sneaking up with a knife
To destroy your simple life

I'm stealing all your strength
Weakening your soul
I'm loading my gun
To destroy your burning sun

Everybody knows my name
Everybody knows the same
My mission of tonight
To destroy your temple of light

I wanna take your soul
I wanna take your heart
