

# Lightyear, Ooh No, Not Me Arteries

It's just another demonstration  
(Demonstration)  
Of the way we used to be  
(The way we used to be)  
The times are changing and I want you to  
Stop, look, wait and see

I found that I  
Had nothing to try for  
When I found the way I tried for you and me  
You made me cry and sad and  
I wonder why  
I satisfied myself with you  
Now I see so clearly

She needs him back  
She needs him back  
She needs him back  
Like she needs a heart attack

She needs him back  
Like she needs a heart attack

I found that I  
Had nothing to try for  
When I found the way I tried for you and me  
You made me cry and sad and  
I wonder why  
I satisfied myself with you  
Now I see so clearly

She needs him back  
She needs him back  
She needs him back  
Like she needs a heart attack

She needs him back  
Like she needs a heart attack

She  
Said  
&quot;We're never gonna get there&quot;;  
And I  
Said  
&quot;We'll do just fine&quot;;  
She  
Said  
&quot;We're never gonna get there&quot;;  
And I  
Said  
&quot;We'll do just fine&quot;;  
She  
Said  
&quot;We're never gonna get there&quot;;  
And I  
Said  
&quot;We'll do just fine&quot;;

She  
Said  
&quot;We're never gonna get there&quot;;  
And I  
Said  
&quot;We'll do just fine&quot;;

She  
Said  
&quot;We're never gonna get there&quot;  
And I  
Said  
&quot;We'll do just fine&quot;  
She  
Said  
&quot;We're never gonna get there&quot;  
And I  
Said  
&quot;We'll do just fine&quot;  
She  
Said  
&quot;We're never gonna get there&quot;  
And I  
Said  
&quot;We'll do just fine&quot;  
She  
Said  
&quot;We're never gonna get there&quot;  
And I  
Said  
&quot;We'll do just fine&quot;  
(Whoah-oh)
