

# Like A Fox, Almost There

Walk on by but the hole in the ground is bigger than the hole in the sky  
One last try  
Give it all you can  
Give it all you can  
Give it all you can

Breathe it in  
Pass it by with a grin  
Let it in  
Let's begin  
Because we're almost there  
We're almost there  
We're almost there  
Almost there  
We're almost there

You might think  
It's over with a blink  
Of an eye  
Keep it alive  
We're almost there  
We're almost there  
We're almost there  
Almost there  
We're almost there  
We're almost there  
We're almost there
