

# Lil Baby, Bruised Up (feat. Lil Durk)

They left me bruised up, they tried to leave me used up  
I was confused 'cause the ones I loved ain't prove much  
I did everything they lied, said I ain't do much  
And they didn't call me to beat they case and it's been two months  
Postin' guns on your page, that put us all in danger  
But they say I'm one of the leaders 'cause I'm the one that's famous  
Some niggas don't come around unless it's entertainment  
When it's time to kill for real them niggas gon' keep complainin'  
Ain't no cars, ain't no guns, ain't no fun  
What I'ma do if I get locked up?  
Ain't no bonds, ain't no bonds, ain't no bond  
What I'ma do if I get locked up?

I ain't I never commit no crime, somebody lied  
I'm on the case with niggas I love but two of 'em died  
And it irked my nerve, you talk about murders, he ain't even slide  
When bro nem died I said I was tired, I lied, I cried  
On my momma, just got a check for thirty million cash and I'm gon' sign  
Everybody around me gon' kill somethin', they gotta walk around with a mask  
Every time you slide, nigga, that shit better make the news or somethin'  
Young niggas better stay inside they lane, better go to school or somethin'  
Piss me off I'm puttin' up three hundred cash, that shit like voodoo numbers  
I done got so high off this batch of weed, it feel like Tooka comin'  
I can't back door none of my dogs 'cause I'm too one hundred  
You can front a nigga a thousand pounds, I can prove the money, yeah

They left me bruised up, they tried to leave me used up  
I was confused 'cause the ones I loved ain't prove much  
I did everything they lied, said I ain't do much  
And they didn't call me to beat they case and it's been two months  
Postin' guns on your page, that put us all in danger  
But they say I'm one of the leaders 'cause I'm the one that's famous  
Some niggas don't come around unless it's entertainment  
When it's time to kill for real them niggas gon' keep complainin'  
Ain't no cars, ain't no guns, ain't no fun  
What I'ma do if I get locked up?  
Ain't no bonds, ain't no bonds, ain't no bond  
What I'ma do if I get locked up?

They don't tell you about the other part takin' showers with yo boxers on  
If you ever go to prison buy a knife before you buy a phone  
Got caught up in the system, ain't have life but he ain't make it home  
That's crazy, got killed in a place that was 'posed to save him  
I'm grateful that I got the paper to pay the lawyers, brody waitin'  
These niggas flawed and I see the hate in they faces  
I bet they be all happier if we can stop and trade places  
But, nah nigga, ain't in competition with no one, I'm tryna ball with ya  
I don't care if you richer, what's the tab? I got half, I'ma pay for me and brody nem  
And a lot of y'all rappers should've been on Nickelodeon  
Actin' ass niggas don't come close to him

They left me bruised up, they tried to leave me used up  
I was confused 'cause the ones I loved ain't prove much  
I did everything they lied, said I ain't do much  
And they didn't call me to beat they case and it's been two months  
Postin' guns on your page, that put us all in danger  
But they say I'm one of the leaders 'cause I'm the one that's famous

When it's time to kill for real them niggas gon' keep complainin'  
Ain't no cars, ain't no guns, ain't no fun

Ain't no bonds, ain't no bonds, ain't no bond
