

# Lil Baby, Hurry

Ridin round on e, pants up to my knees  
I can't get no sleep, if I ain't got no lean  
Bad bitches follow me, my niggas a part of me  
My bitch a hot commodity, I know my grandmom proud of me  
I moved my mom from poverty  
I hope they don't think 'bout robbin' me  
I can fly, yeah I believe  
In the cockpit where the pilot be  
Don't need no stylist, I style for free  
My young ho keep on callin' me, my old bitch keep on stalkin' me  
Ain't gon' let a nigga take my shine from me  
Should've been rappin', this rhymin' easy  
Drop my top just to feel the breeze  
Thugger my brother, yeah eazy breeze  
I just wanna fuck, don't tease me  
They got my songs on repeat, yeah yeah  
I don't want no money exchange  
I went overseas and got some change

I'm tryna get this money in a hurry  
Switched up, I guess it wasn't workin'  
Came back, guess it wasn't workin'  
I think I'm addicted to the perkys  
I'm tryna get this money in a hurry  
I'm tryna get this money in a hurry  
I'm tryna get this money in a hurry

Brand new Bentley, hit the block swervin'

My PO she say I run the game (but I fuck with her)  
Every time I see her I throw up the gang, yeah yeah yeah  
Really ran the block, really keep a Glock, really serve the rock  
Screamin' fuck the cops, screamin' fuck the opps, million in the vault  
Oh you a gangster? let's see 'bout it nigga  
Had them lil niggas to see 'bout you nigga  
Oh you a gangster? let's shoot out lil nigga  
Make my lil niggas go 2Pac a nigga  
Had a million dollars on the low

My role model get them truckloads  
Bend her over, fuck her, then I'm gone  
Ain't gon' put your name in a song  
I'ma put your face on a shirt  
I'ma put your body in the dirt  
Nigga you a pussy, where your skirt?
