

# Lil Baby, Large

Maybach parked outside  
Take up two parking spots  
Barely old enough to drive  
I been gettin' way too high  
Livin' large, livin' large, livin' large, livin' large  
Everybody livin' large  
Livin' large, livin' large, livin' large, livin' large  
Everybody livin' large

Started from the bottom, now the condo so big I don't see nobody  
Pink toes, long hair, runnin' 'round the lobby  
Livin' large every day like I hit the lottery, livin' large  
Five star restaurants  
Watchin' Floyd fight, we in the front  
Hawks game, we on the floor  
Niggas' bitches dirty bird me, Julio  
Take my dogs all around the globe  
Shooters with me, they go everywhere I go  
Stickin' to the code, ain't gon' never fold  
I'ma stand up like a man, that's what I was told  
Hoppin' off a plane fresh as fuck, screamin' free Steve  
We done had a damn good year, you wouldn't believe  
I done counted a whole million cash with my bare hands  
Dashboard say two twenty-five, I'm 'bout to do it  
Percocet and molly on my ass, I'm 'bout to lose it  
We been countin' cash for three hours, gettin' to it  
I don't care if they never found the body, I don't watch the news  
So much money on the floor like we just left a move  
Shootouts in broad day with the cops  
Nigga it ain't safe on my block  
Nigga came a long way from rocks  
I can not go home without the guap  
We got Glocks tucked in the stash spot  
We don't stop at stop signs, I'ma keep going  
Man they killed my dawg over nothing, we was too cool  
Remember gettin' that J to check us in when we was in high school  
Hellcat goin' real fast  
Hopin' I don't crash, I'm just tryna stay focused
