

Lil Baby, Pain (feat. Chopouze)

They gon' feel my pain
They gon' feel my pain

They don't know the pain that I been through
They don't know the shooters all on the roof
They ain't know I dropped a hundred on the coupe
They ain't know the time where I ain't had shoes
They don't know my pain
They can't feel my pain
They ain't know I had to really go and grind
They ain't know I really sit and did time
They ain't see us young nigga shine
They ain't know the time when I ain't have a dime
They can't feel my pain
They can't feel my pain

Me and tenband my nigga from the store, we had it hard
'Member that time we was in the spot and we got robbed
Find out that my bitch been fuckin' my dawg it broke my heart yeah
Turned me to a savage ever since that I been scarred
We can go pound for pound or blow for blow I live this shit
I live this shit
We can go round for round, jawn for jawn got too many sticks
I was in the hood tryna catch my play, they tellin' me that I should quit
Quarter million in a month, paid in full, they got me feelin' like Mitch
They throwin' dirt on my name, they tryna arrive my way
They tryna steal my place, Still I remain the same
Niggas turn they back when shit got hard
They ain't know the time when I was on the yard
I been through a lot I still got the scars
Came out strong, bought anotha' gun

They ain't know the pain that I been through
They don't know the shooters all on the roof
They ain't know I dropped a hundred on the coupe
They ain't know the time where I ain't had shoes
They don't know my pain
They can't feel my pain
They ain't know I had to really go and grind
They ain't know I really sit and did time
They ain't see us young nigga shine
They ain't know the time when I ain't have a dime
They can't feel my pain
They can't feel my pain
