

# Lil Baby, Rich Off Pain

Pipe that shit up, TnT  
Nigga came from nothing, but still they gon' hate  
Whole life left me scarred, only the real can relate, yeah  
Look, rich off pain  
Look

Nigga come from nothing but still they gon hate  
Whole life left me scarred only the real can relate  
And I come straight out them trenches how I feel everyday  
Young nigga out that bottom I use my tears to motivate  
So much came with this money and this fame but I can't complain  
I came walking from through the rain  
Prayed for better days  
And now a nigga rich off pain  
Young nigga rich off pain  
Rich off pain  
Nigga Rich off pain  
Young nigga rich off pain  
Rich off pain  
Rich off pain  
Rich off pain  
Rich off pain  
Nigga Rich off pain  
Young nigga rich off pain  
Young nigga rich off pain

Young nigga I was trying to get my money right  
Momma support the crib while my granny, daddy serving life  
Breaking in my auntie room 'fore school, I used the butter knife  
Teacher bitching at me like her husband can't be fucking right  
Wild niggas slide around in Tracks and SRTs  
We stealing packs from the older cats to buy the new Jordan 3s  
I know a million niggas who millionaires off P-P-P  
That's how we got the address to the O-P-P  
Where ya stand it make out the hood, well that's what we thought  
Rob, kill or scam we never gon' get caught, that's just what we taught  
No fist fight for first degree murder, that's just what we faught  
Gotti told us neva forget your dog and that's law  
I got blamed for niggas dying, I wonder why  
They said I sacrificed to be in this position that's a lie  
See the boss can't break me down, see I'm The Voice I don't reply  
But the rumors y'all done heard I'm a humbly deny

Nigga come from nothing but still they gon hate  
Whole life left me scarred only the real can relate  
And I come straight out them trenches how I feel everyday  
Young nigga out that bottom I use my tears to motivate  
So much came with this money and this fame but I can't complain  
I came from walking from through the rain  
Prayed for better days  
And now a nigga rich off pain  
Young nigga rich off pain  
Rich off pain  
Rich off pain  
Young nigga rich off pain  
Rich off pain  
Nigga Rich off pain  
Rich off pain  
Rich off pain  
Nigga Rich off pain
