

Lil Baby, Seals Pills

Yeah, yeah, yeah

Jumped in that Benz then I peeled off
Brought out a ten, imma spend it all
I need some pills and some seals dawg
Fuck the cops we got our own laws
You can free my dawg hes locked behind the walls
Numb to that pain I can't feel shit at all

Blew a ten, on a wednesday
Stack these bands, heard you rent weren't paid
Need a lend, just like Frito-lay
Free my friends
Got white like Nicky Barnes, cop these two door foreigners
My bitch can't be borin', ice on both my arms
Don't approach I'm on, flawless diamond charm
All my spots alarm, big house feel like a dorm
It's on the north, young Gunna don't love no whore
I came with the wave no shore. my voice a little hoarse
I'm whippin around in a Porsche, I'm ballin' outside of the court
Never knew I could make it in sports

Jumped in that Benz then I peeled off
Brought out a ten, imma spend it all
I need some pills and some seals dawg
Fuck the cops we got our own laws
You can free my dawg he's locked behind the walls
Numb to that pain I can't feel shit at all

I'm on these percs I can't feel shit at all
Jumped in and I went far, my new girl super large
Paid cash for all my cars, protected but I'm raw
Addicted to the awe, me and Gunna double large
Rich rolling up a star, don't take shots from the bar, but I'm ballin' like Levar
I put drip all in my lingo I went crazy
Louis Supreme jean jacket for my baby
My kid a walking lic, I put VVS on his neck
Fuck my sidepiece, a new breast
Fresh off of high speed in that vette
I can't stop, can't miss this shit you know I'm never late
Bought a penthouse at the top so I can meditate
I don't talk down cuz I'm up I gotta elevate
Worth a million five for real so I accept the hate

Jumped in that Benz then I peeled off
Brought out a ten, imma spend it all
I need some pills and some seals dawg
Fuck the cops we got our own laws
You can free my dawg hes locked behind the walls
Numb to that pain I can't feel shit at all

I'm on these percs I can't feel shit at all
