I'm sayin' you already know what

yu can either flee the scene or keep your frown  
better yet find somethn' to do  
till I die down and that ain't happening no time soon (why?)  
cause I keep gettin' ya'll with the boom  
it goes back to back we the empire  
get out the way or get burned by the fire

how many of ya'll at 14 was sittin' back watchin' paper stack  
it's a know fact that all the greats started this age  
I in't tryinna say that' I'm the greatest yet  
but I will say I'm goin down that page

(Chorus:) Up in here  
I know you want me, want me  
baby girl here I am come get me
