

# Lil' Cutie, I Should Leave

(Verse 1)

You used to be so good to me  
but now all you care about is your friends  
whenever you see some other girl  
you always checkin her out  
then you gonna come back to me  
and you always say "hey baby"  
but i'm gettin kinda tired of you playing me  
so i think it's time that i should leave

(Chorus)

I should leave cuz i'm tired of you playin me  
i should go cuz you're not the man i used to know  
i'm not gonna hang no more  
cuz i'm sick of you hurtin me  
so i'm gonna leave

(Verse 2)

Then you try to call me  
and you say "i'm sorry"  
and i always believe you  
this time is gonna be different  
cuz i ain't listenin you you (no more)  
then you say "why you so mad"  
i say "i'm tired of you treatin me bad"  
then we hang up the phone  
and i'm thinking that i should go

(Chorus 2x)
