

Lil Eddie, I Don't Think I Ever

(feat. Mario Winans)

[Verse 1:]

Finally I see what people really mean,
when they say that love will blind you,
it happened to me and im so thankful for you baby,
since the day we met you changed my life around,
the sun is just a little brighter now,
the kind of joy you bring is oh so special to me baby,

[Chorus:]

I dont think I ever,
felt like this before,
I know that I never,
met no on like you,
I dont think I ever,
had a love so true,
I dont think I ever,

[Verse 2:]

When you come around I cant help but to smile,
girl I gotta say I like your style,
say that you are down to be forever faithful to me,
since the day we met,
you changed my life around,
the sun is just a little brigther now,
the kind of joy you bring is oh so special to me baby,

[Chorus:]

I dont think I ever,
felt like this before,
I know that I never,
met no on like you,
I dont think I ever,
had a love so true,
I dont think I ever,

[Breakdown]

[Chorus Out]
