

# Lil Eddie, In your shadow

Can't help it, still miss ya, barely still kiss your picture  
(Oh no, oh no. Yeah, yeah. Oh, oh no. Oh yeah, yeah. Yeah)

I feel so out of place, like a fish out of water.

Stuck, waiting for a wave to wash me back to sea.

I can't recall how many days, this swim has been taking.

See I suffer cause it's cold and you're not with me.

See I can't wait to have it, cause I'm so used to you.

Baby without you, it's so difficult.

Baby yeah

I'm staying with your road.

I still feel cupid's arrow.

I was so used to living in your shadow.

It's like I'm rushing to get home, keep believing you'll be there but you're gone.

Still living in your shadow.

Can't help it, still miss ya, barely still kiss your picture.

One day I'll move on, still living in your shadow.

Stuck out on the pavement, and I'm searching for traces.

Cause the scent of your perfume still lingers in the air.

Feeling more like a patient, time I just check myself and -

Cause your voice isn't fading, can't get you out of my head.

It's like your heart is a magnet and I'm so drawn to you.

Living without you is so difficult.

Baby yeaahh

I'm staying with your road.

I still feel cupid's arrow.

I was so used to living in your shadow.

It's like I'm rushing to get home, keep believing you'll be there but you're gone.

Still living in your shadow.

Can't help it, still miss ya, barely still kiss your picture.

One day I'll move on, still living in your shadow.

Strange cause I never got to plead my case.

You broke away and left me stranded here in the states.

No choice, it's a scar on a brand new slate.

I know I can't replace you but I'm told, One day I'll leave your shadow.

I'm staying with your road.

I still feel cupid's arrow.

I was so used to living in your shadow.

It's like I'm rushing to get home, I keep believing you'll be there but you're gone.

Still living in your shadow.
