

# Lil Eddie, Stand In Our Way

Tell me why (girl)  
Are you tryin to escape  
Tryna follow all your feelings inside (girl)  
You might as well just give in  
Cuz I'm not about to pass you by  
So listen to your heart, it won't lie  
And I know you feel the magic so right  
Baby, don't have a doubt  
Cuz I know I ain't nothin like him, no

[chorus]

Don't let him stand in our way  
Cuz you know where this is goin  
Too light to put away  
Don't be scared, I'm here to stay  
So baby, don't you worry  
Cuz today is a new day  
Wanna keep you smilin  
Treat you how he should have  
I promise I'll

Never turn my back and  
Let you down so  
Don't let him stand in our way  
Stand in our way  
I'm nothing like him  
So give your pain all to me  
Don't let him stand in our way  
Stand in our way

I'm nothing like him  
So give your pain all to me  
Don't let him stand in our way  
I wish that I (girl)

Could go into your mind  
Erase all the memories  
Of you cryin (girl)  
And replace them with kisses  
And gifts, all the things you like  
Truth is he wasn't worth your time  
But you needed someone by your side  
Who was willing to love you completely  
Baby, that's me

[chorus]

Don't let him stand in our way  
Cuz you know where this is goin  
Too light to put away  
Don't be scared, I'm here to stay  
So baby, don't you worry  
Cuz today is a new day  
Wanna keep you smilin  
Treat you how he should have  
I promise I'll

Never turn my back and  
Let you down so  
Don't let him stand in our way  
Stand in our way  
I'm nothing like him  
So give your pain all to me  
Don't let him stand in our way  
Stand in our way

I'm nothing like him  
So give your pain all to me  
Don't let him stand in our way
