Yo yo, ay yo, yo

Think it's bout time that I heat y'all up  
Y'all easy bake oven chicks, eat y'all up  
Like a ex pill I'm a keep y'all up  
And y'all ain't stop me from burn y'all just don't learn

(Chorus)

(What's the word?) She at it again  
(What's the word?) She in it to win  
(What's the word?) She back and she's stayin  
(What's the word?) The bitch ain't playin

(Verse 1)

And just when y'all thought y'all had the victory  
The one point game I f\*\*ked around and hit a three  
Swish!!!! All f\*\*kin net  
It's the fourth quarter your pourin down sweat  
Rap's M.V.P. don't you ever forget  
Since you came in this game are there any regrets?  
And y'all, dukes are lame don't let 'em back in  
What? You ain't heard? Keep at it again  
Yo it's cold at the camp, but I'm in it till it's over  
Notorious soldier thought I told ya  
Niggas is pissin me off right now  
But like that dance, I'm a shake 'em off right now  
Who's hot and who's not what's rap and what's not  
Whatever nigga I take your spot and your spot  
Move work from your block to your block  
The neighborhood better keep they f\*\*kin door locked  
Beanie told y'all but I got proof  
I speak the truth, everytime I step in the booth  
Uh! Pretty things is all that I mean  
Better listen to the words that she sings

(Chorus)

(What's the word?) She at it again  
(What's the word?) She in it to win  
(What's the word?) She back and she's stayin  
(What's the word?) The bitch ain't playin

(Verse 2)

And now I could see why y'all all on me  
You need a hot remix you could call on me  
Niggas do dirty work the shit fall on me  
But I could hold that weight and still bake that cake  
We get it on in Brooklawn no lie Bed Stuy holla back B.I. till I die!!!  
We get it on in Brooklawn no lie Bed Stuy holla back B.I. till I die!!!  
Get money always but I ain't givin up rap  
Come on now, y'all should know me better than that  
I mean, this is somethin I'm a veteran at  
Buy me out, you need more cheddar than that  
Who's hot and who's not what's rap and what's not  
Whatever nigga I take your spot and your spot  
Move work from your block to your block  
The neighborhood better keep they f\*\*kin door locked  
I'm the shit I'm the bread winner  
Who's the bitch I'm the big spinner

Word on the street is I'm who they waitin for

(Chorus)

(Chorus)  
(What's the word?) She at it again  
(What's the word?) She in it to win  
(What's the word?) She back and she's stayin  
(What's the word?) The bitch ain't playin
