

Lil Mosey, Ain't It A Flex

Ain't that shit a flex how I pull up in a vette nigga
Diamonds on my fingers cost like 50 that's a check nigga
Got niggas that'll pull up at your crib like they door dash
Street sweepers put you under the rug like a door mat
Ain't that shit a flex with this diamonds on my neck nigga
I don't trust nobody put a million in my bed nigga
Playin wit my life that's a billion dollar bet nigga
Money comin in I can never go in debt nigga

I ain't tryna pop no pill cuz if I do it's gon get bad
Posted up in a mansion got this whole place filled wit cash
Posted up wit demons in my head that shit feel bad uh
Got the world in my hand so how could I feel bad uh
If you try to violate you finna die today
Opps on opps just give me a time and place
Hop in whip and I skate
Just tryna ride away
Got me in my feelings on some singing shit like rod wave
Fill my diamonds with my tears
I can't show no love don't think I care
I can't even show no love to my peers
Cause I don't fuck wit nobody get out my ear
We gon walk em down stalk em down post up on his block uh
My judge told me I can't but I'm fiendin for my choppas
If you got some names then let me know cause who gon stop us
Money on the floor when we walk in

Ain't that shit a flex how I pull up in a vette nigga
Diamonds on my fingers cost like 50 that's a check nigga
Got niggas that'll pull up at your crib like they door dash
Street sweepers put you under the rug like a door mat
Ain't that shit a flex with this diamonds on my neck nigga
I don't trust nobody put a million in my bed nigga
Playin wit my life that's a billion dollar bet nigga
Money comin in I can never go in debt nigga
