

Lil Nas X, need dat boy

I been looking for a muse, need a new persona
Put your picture on the wall, you my new Madonna
Sorry, darling, I been down for a couple summers
Falling back in the crowd, smokin' marijuana

(Oh) I been angsty, (Oh) I been hurtin'
I been tryin', shit ain't working
(Oh) Yeah, I dream big, (Oh) yet I descend
These days I don't know what I believe in

Oh-oh, yeah, I been down but I need dat boy
Oh-oh, I'll shut shit down for you, East Side boy
Oh-oh, yeah, I know I been down but I need dat boy
Oh-oh, I'll shut shit down for you, East Side boy

(Yeah)
Man, fuck this pity party
When I'm back up I'm shootin' shots at everybody
Fuck all you niggas, y'all do not support nobody
Show up for y'all but y'all don't show up for Lil Nazy
Look how I open doors and everybody run in
A lot of y'all are just my peers, y'all ain't my friends
A lot of y'all say y'all love me, y'all just pretend
A lot of y'all watch me drown in that deep end

Oh-oh, yeah, I been down but I need dat boy
Oh-oh, I'll shut shit down for you, East Side boy
Oh-oh, yeah, I know I been down but I need dat boy
Oh-oh, I'll shut shit down for you, East Side boy

Ooh, I think I need dat boy
I think I love, I- (You think you what?)
I think I love dat boy
I think I wanna get up on em, ride up on dat boy
I think I wanna get up on em, ride up on dat boy

Yeah, I think I wanna ride (Ride), ride (Ride), ride (Ride), ride (Ride), ride (Ride), ride (Ride), ride (Ride), ride (Ride)
I think I wanna ride (Ride), ride (Ride), ride (Ride), ride (Ride), ride (Ride)
I'll shut shit down for you, East Side boy

Bend over that ass too fat (What?)
Bend over that ass too fat (Wha-what?)
Bend over that ass too fat (What?)
Bend over that ass too fat (Wha-what?)
Bend over that ass too fat (What?)
Bend over that ass too fat
You in Dream World and you listening to Dreamboy

Ride (Ride), ride (Ride), ride (Ride), ride
Ri-ri-ride (Ride), ride (Ride), ride (Ride), ride (Ride)
Ride (Ride), ride (Ride), ride (Ride), ride (Ride)
I'll shut shit down for you, East Side boy
