

Lil Peep, crybaby

She said i'am a crybaby
I can't be up lately
Girl, you drive me crazy
AMG Mercedes
Speedin' down the highway
Lookin' at the street lights
Geekin' on a Friday
I can never sleep right
Knowin' i hurt you
I don't deserve you

I should curved you
I know i am the worst too
But i could be cool too
And you got tchem dance moves
And i got this vibe
I swear it's perfect to ride boo
I wanna die too
We all wanna die too
O got this vibe
I swear she love settin' high too
I love gettin' high too
I wanna hide you
How did i find you?
I'll be inside
I am makin' music to cry to
