

# Lil Peep, Dying Out West

All this stress  
Look at this mess  
Look at my head, I'm better off dead  
Dyin' out west  
Tryin' my best  
Layin' in bed, I was comin' down then  
No more pain, locked away  
I go insane, I'm so insane  
In my brain everyday, I go insane  
I'm so insane  
Leave me alone tonight, I'm good on my own tonight  
I'm on the road tonight  
I'm goin' home tonight  
Leave me alone tonight, I'm good on my own tonight  
I'm on the road tonight  
I'm goin' home tonight

Look in the mirror  
I see a demon,  
I'm barely breathing  
My shadow is bleeding  
On the highway, baby, I'm speeding  
I'm leavin' the city, you should be with me Two weeks with the same old jeans on  
I know you want to die, baby, this is your theme song  
Like a switchblade, baby, just hold on  
Like a switchblade, baby, just hold on

All this stress  
Look at this mess  
Look at my head, I'm better off dead  
Dyin' out west  
Tryin' my best
