

Lil Pump, Broke My Wrist (feat. Smokepurpp)

Damn, why you flex like this? Lil Pump (Lil Pump)
Trapper of the century

Damn, why you flex like this? Damn, why you flex like this?

Johnny Dang on my wrist, (Johnny!)

Johnny Dang on my wrist

Lil Pump got them bricks, Lil Pump got them bricks

I just broke my wrist, ooh

I just broke my wrist, ooh

I just broke my wrist, ooh

I just broke my wrist, ooh

I just broke my wrist, ooh

I just broke my wrist, ooh

Lil Pump got them bricks, ooh

Damn, why you flex like this? ooh

Johnny Dang on my wrist, ooh

Johnny Dang on my wrist

Ooh, Lil Pump fucked your sister, (damn) found that bitch on twitter (damn)

Wrist on wrist on wrist on wrist on, never take a bitch to a dinner

Lil Pump in the White House, made white house turn to a trap house

Real trap nigga, I'm from down south, niggas mad at me cause they ain't got clout

Fuck school nigga, I run to the pound, if we got beef, we can meet right now, if we got beef, we can

20 thousand on my pinky ring, diamonds never stain, looking like cocaine

I'm a stack this money higher, higher

Getting flyer, flyer

Getting higher, higher

I'm a run this check higher, higher

Getting flyer, flyer, getting higher, higher

20 thousand on my pinky ring, 30 thousand on a fucking chain

Ooh, I just broke my back, ooh Lil Pump still sell crack

Diamonds dancing like the little kid with no VIP, posted in the back

Niggas sayin Lil Purpp a goofy, Lil purpp a goofy he ain't hitting licks:

But I still fuck your bitch, then I'm a hit the lick

I just been playing with niggas that don't even charge, I bought a prescription

Diamonds dancing, gold teeth glistening, niggas getting shot like addiction

Fuck nigga talking down on me, I got real shooters down, homie

Put 50 bands on a head, get a nigga wacked like my name Kony

Ooh, I just broke wrist

I just broke wrist

I just broke wrist

Scrape the pot, we rich

I just broke wrist, I just broke wrist

Made her bend her back, then she broke her rib
