

# Lil Rain, Adore you

Everyday, everynight  
I wanna see you baby  
Staying by me side  
Im going down  
On my, on my  
Knees for you  
For your love Id for you sake  
believe I do  
If you dont love me  
Why do you raise me hopes  
No matter what happens  
I cant let you go  
You got it wrong  
I didnt wanna hurt you  
I wanna be all the world for you  
Ive not the faintest idea  
Why you arent talking to me  
Im trying be the perfect man  
You always want me to be  
Im accustomed to you  
Youre a part of my life  
Everything I told you you hunny  
Ive nothing to hide  
You are my little angel  
You are my little star  
Im still waiting every hour  
Youre so close to my heart  
All my life Ive been waiting  
For one moment in time  
Were together I adore your eyes  
I so adore your sweet smile (girl)  
I dont give a damn bout what somebody told you  
Ill ever be your man coz baby I love you  
If the worse comes to the worst  
Im gonna hold you  
I feel you are far from believein it  
We walk through a world where nobody has been before  
Turn back the hands of time open every door  
I swear I will always your doubts and sure I love you more  
To retrieve your affinity  
Everyday, everynight  
I wanna see you baby  
Staying by me side  
Im going down  
On my, on my  
Knees for you  
For your love Id for you sake

If you dont love me  
Why do you raise me hopes  
No matter what happens  
I cant let you go  
You got it wrong  
I didnt wanna hurt you  
I wanna be all the world for you  
You look into my eyes  
Put me out of my misery  
I have never told lies  
I hope that you come back to me  
I want to spend my time of lovin you forever  
No matter what happens  
We must stick together  
Come on trust in my worlds  
Give me your heart back again

Kiss my lips, touch my hand  
Give me a second chance  
My heart is pumpin  
Have a felling that Ive never felt  
If Im allowed to be with you  
The luck is coming to my world  
So far I remember  
You was perfectly happy  
To find someone like me  
In a world full of traffic  
I fulfill your dreams  
Its not only a taffy  
You the only one for me  
We walk through a world where nobody has been before  
Turn back the hands of time open every door  
I swear I will always your doubts and sure I love you more  
To retrieve your affinity  
Everyday, everynight  
I wanna see you baby  
Staying by me side  
Im going down  
On my, on my  
Knees for you  
For your love Id for you sake  
believe I do  
If you dont love me  
Why do you raise me hopes  
No matter what happens  
I cant let you go  
You got it wrong  
I didnt wanna hurt you  
I wanna be all the world for you  
If you dont love me
