(Devil)

Hello my children, hahahaha, gather 'round  
I got somethin' that I wanna say to you  
I think it's about time we over come these fucked up rules  
And make the real hell on Earth, hahaha  
So listen up, get any motherfucker that you can  
And bring him back, haha, yeah

(Mr. Shadow)

If your ass wants to live another day  
Get the fuck out of my way when I lyricly slay  
Bring it on all my foes  
Mr. Shadow be the one that be killing mothafuckas  
Like told shove em all in holes  
Like a ghost i'ma hauncha mothafuckas make the stories tie  
I can hear the cries I can hear when you bring it with more jealousy  
I give a bullet and begin to do the fool like I do that vatos mine  
To the night with a sight when  
I look the moon is full and get tool and look for my foe  
Got that five footed star on my chest so you know what I'm looking for  
Murder you heard of me makin it dark like an eclips  
Like "Tales From the Crypt" I come equipped with the triple six  
And I'm bound to get sick  
It's The evilest lyricist bringing this wickedness nemisis  
Giant on my premisis withnessin part like the Exorcist  
Cause I'm comin to get em like every day  
You run and you can hide but you won't get away  
It's the game that I play like the Ouija board  
You can't see me but you will believe me, and need me  
If you look a little closer you can see The Shadow of a demon appearin  
I'm hearing the voices that tell me to do the evil shit that I do  
And you know that I'm due so I do when I cast my spell on you  
The evilness just fell on you and I'm the perfect fool to wish HELL ON YOU

(Demon Voices)

Tonight, 781 to your area  
You know it's gonna happen tonight  
But of course, 781 to your area

(Lil' Rob)

Creepin up on your ass you won't even see or hear me coming  
Be running I'm becoming some thing evil fuck people fuck sequels  
Got to get the murder done now, all I see is the fear in your eyes  
The tear in your eyes, you're terrorized  
Don't be surprised, I see my reflection like a mirror in your eyes  
Every thing gots a price, but you got a price to pay  
I sold your life away, and so I slice away  
Dealin with your life I took your strap, your price is right  
Could tonight be the night that I feel some thing come over me  
I don't know what it is with a devilish grin  
Foes and friend and bloody sin  
Don't know when it's gonna end  
Just like a puppet on a string he be controlin me  
I try to be cutting those string but like smokey he gots a hold on me

(Devil's Voice)

Thats the fool that rolled on you  
Thats the fool that stoled on you  
What the fuck you gon do

Hearin the voices inside my head saying you'll get no where he you care

From north and south not knowing what it's all about top me on scout  
Looking for my new recruits to follow my foot steps down my route

I'm beggin you to stay and if you wanna come play  
But if not your better pray cause I'm coming your way
