

# Lil' Rob, Ooh Baby Baby

(Lil Rob)

I hope you don't mind  
But I'd like to steal a moment of your time  
I just wanna get to know you

And all it took was just one look and, I was hypnotized  
Mesmerized by your pretty smile, and your pretty eyes  
You're so, captivating, definitely soul shaking  
Breathtaking (breathtaking) got me craving for your lovemaking  
I'd, like to get together to get to know you a little better  
What kind of things you like, if you like me too, y'know, whatever  
I'll pick you up for a date I promise that I won't be late  
In fact, I'll be early cause to be honest with you I just can't wait

(Chorus: sung)

Ooooooooooh, baby, baby (baby)  
Ooooooooooh, baby, baby (ooh, baby)  
Ooooooooooh, baby, baby  
Ooooooooooh, baby, baby

(Lil Rob)

I'd love to take you out, maybe we can hit the town (would you like that)  
Dinner, and a movie, I mean, we can go dancin, or cruise around  
How's that sound? (How's that sound?)  
Like to show you a good time if you wouldn't mind  
It would be my pleasure, see I can't think of nothing better  
Or, anything I'd rather do, what could beat the time I had with you  
Share a couple of thoughts, share a couple laughs with you  
That'll do (that'll do)  
I just know, that I can have a blast with you  
Let the good times roll, I'd like to make 'em last with you, let's go

(Chorus)

(singer)

What must I do, to be alone with youuuuuuuu  
Oooohhhhh babyyyyyyyyyyyyyyy, tell 'em Rob

(Lil Rob)

What'chu think? I just need the opportunity  
Girl you don't know what you do to me (just give me the chance)  
If I was yours, I'd be yours exclusively  
To enjoy any way you want to, I don't only want you  
But I need you, and I'd do anything to please you  
You could teach me things and there's some things I could teach you  
I don't mean to jump the gun, I'm just happy I got to meet you  
Just one touch from your, fingertips  
Just one kiss from your sweet sweet lips  
Would make me flip and be like

(Chorus)
