

# Lil' Romeo, Little Star

I'm looking for a girl  
Who can stroll me around  
Hold me down  
Puppy love, girl  
How that sound?  
You remind me of a wish  
First kiss  
It explains the way  
I feel let me up for this  
When I see you all  
Can you feel happiness  
Wrap your wrist girl  
You extravagant, beautiful  
Feel the unusual  
Ain't gon' stop till  
I get through to you  
What's ya name, ma?  
I wanna hang, ma  
You feel like taking  
A ride on the swing, ma?  
You my queen, ma  
Be your king, ma  
I'll bring everything like  
Then and free, ma  
If we were older  
I'd give you a ring, ma  
Take you to a concert  
For the sing, ma  
But for now  
I'ma let you  
Do your thing, ma  
But if ya man start fronting  
Just give him bing, ma

[CHORUS:]

Twinkle, twinkle little star  
How I wonder where you are  
Bounce to the spot baby  
Take a ride this time  
Is just for you and I  
Twinkle, twinkle little star  
How I wonder where you are  
Bounce to the spot baby  
Take a ride this time  
Is just for you and I

Got spot in the shade  
Cold lemonade, man  
You hot from  
Feet to your braids  
Sympathy and cheese  
Love to eat sweets  
Got baby humma  
So me and you can creep  
Got me a phone  
In case you wanna speak  
Let me slow down and  
Skip to the beat  
You hungry  
Whassup?  
Na I'm tryin' to eat  
Don't even trip  
Lunch is on me  
McDonalds, Wendy's, Burger King

Come on its on you  
Do ya thang  
Move ya hips  
Make ya eyeballs swing  
Bop it girl  
Move that thang  
Get crunked up  
Come on, use that thang  
You  
You know  
We do that thang  
Homey got fist  
'Cause his ma  
Wanna hang here  
Come the chorus again  
Now sing

[Repeat chorus]

Flossing your lips  
Floss when we kiss  
It's gotta be love  
If it feels like this  
Love the way you walk  
When you twisting your hips  
Every time you speak  
I swear my heart skip  
Warm inside  
Hot like July  
Get butterflies  
When I look in your eyes  
Last in my class  
Friends get mad  
You could meet my moms  
And you can meet my dad  
Smile a little more  
You look so sad  
You look too good  
To be seen like that  
A Queen should never  
Act mean like that  
I never ever wanna see you  
Look like that  
Enjoy the night  
Live the life  
This can't be wrong  
It feels too right  
Turn the music up  
Dim the lights  
Romie Rome  
I'm in a zone tonight

[Repeat chorus]

You can be my boyfriend  
And I can be your girl  
You can be my baby  
Come and share my world

[Repeat chorus]
