

# Lil' Romeo, True Love Ft. Solange

[Solange]

My heart wont let you go (Okay, okay)

I love you, Romeo

(Youre my Juliet, girl, come on)

[Solange]

Love has truly been good to me

Not even one sad day

Or memory Ive had since youve come my way

I hope you know Ill gladly go

Anywhere you take me

Aint no limit to this love

Id follow you to the moon in the sky above

[Lil Romeo]

The first time I met you, I didnt sweat you

My Juliet, I knew that I would catchyou

Gave you the key to my heart, you unlocked it

A perfect match, you the plug, Im the socket

As time moved on we became friends

Like it was love at first sight

and it wasnt bout the dividends

You was there when I needed you, I remember

Writin letters on the road I wanna be wit you

I know we young and we got time

Little Soldiers need love, so girl,

I wanna make you mine

We gon roll together, go to shows together

My best friend, girl, lets grow together

[Solange]

Love has truly been good to me

Not even one sad day

Or memory Ive had since youve come my way

I hope you know Ill gladly go

Anywhere you take me

Aint no limit to this love

Id follow you to the moon in the sky above

[Lil Romeo]

We could walk together, roll wrists together

Your mom called us jellybeans, we stuck together

We had parts playin hide and go seek

I find you (you) or you find me (me)

This was meant to be, they called us Lil One and Shorty

Find us hugged up at every school party

We study together, ball together

Somebody said Cupid must have brought us together

I love your cute eyes and you love my tight braids

Play video games almost every day

And when we not together we on the phone

Talkin bout our first kiss and we dont wanna be alone

[Solange]

Love has truly been good to me

(The way you make me feel its gotta be true love)

Not even one sad day

(The way you make me feel its gotta be true love)

Or memory I had since youve come my way

I hope you know Ill gladly go

(The way you make me feel its gotta be true love)

Anywhere you take me (Come on)

(The way you make me feel its gotta be true love)

Aint no limit to this love (Come on, come on)

Id follow you to the moon in the sky above

[Lil Romeo]

And I remember so well how your smile made me feel

Bright like the sunshine, Im so glad that you mine

Youre my Juliet, Id never let the jealous ones between

And as safe bet, yeah, we could get to studyin  
After school is over  
Homework is a must so you could come over  
And afterwards we could hit the mall  
Sip ices and cotton candy  
After that come chill with the family  
[Solange]  
Got to tell you how you thrill me  
Im so happy that you  
Came here and changed my world  
Bye-bye sadness, hello Rome  
Youre the only boy thats  
Got Solange so in love  
Id follow you to the moon in the sky above  
Oh, Romeo  
Oh, Romeo
