

# Lil Suzy, The Way I Love You

When your in love  
Why does it seem  
That people always have something to say.  
We'll I've had enough,  
I'm living my dream,  
And no one's gonna take that from me.

They can say what they want to say  
They dont see you like I do,  
They think it's crazy to feel this way.  
But I dont mind, it's just a waste of time.

They can't change the way I love you.  
You'll be the one my whole life thru,  
Theres nothing they can say or do  
To change the way I love you

Time after time,  
Again and again,  
They're telling me the way it should be.  
Sometimes it seems,  
that even my friends,  
They just dont want to see me happy.

Let them say what they want to say  
They dont see you like I do  
They think it's crazy to feel this way  
But I dont mind, It's just a waste of time.

They can't change the way I love you.  
You'll be the one my whole life thru,  
Theres nothing they can say or do  
To change the way I love you  
(x2)

They can't change the way I love you.  
You'll be the one my whole life thru,  
Theres nothing they can say or do  
To change the way I love you

They can't change the way I love you.  
You'll be the one my whole life thru,  
Theres nothing they can say or do  
To change the way I, I love you
