

# Lil Tjay, Give You What You Want

I just wanna show you that I can do better  
Baby I won't stop...  
till you let me give you what you want

I'll do whatever to spoil, tripping about you like I'm running on oil  
You're a queen, your whole demeanor is royal  
I just wanna caress, rough sex break you down and adore you but first  
Let me know what's on your mind, looking like there something wrong,  
I can see the signs, I ain't here to judge you truly and honestly not the kind  
So perfect I'm a player but for you I'll get in line,  
the type of vibe I'm still gonna fall in love with being blind  
Don't know to approach, heard you got a man damn I'm a fan  
Really am just don't wanna do the most, You got me in my feelings  
Late night writing in my notes, Like girl I'm rich I'm pretty sure he in a different boat  
Wanna take your time, no problem girl that's fine, I understand there's probably  
Many out there want you I'm, not the only one, trust me I ain't dumb  
But I'm gonna keep applying pressure until you don't see nothing

I just wanna show you that I can do better  
Baby I won't stop...  
till you let me give you what you want

Smoking blunts to the face, just thinking about you got me stuck in this space  
Heart pumping like I'm ducking the jakes you don't want no debate  
Put me in that moon I could relate, I'm a superstar I don't really chase  
But you too smooth, like a cup full of ace  
Heard you got goals, let me know what I can embrace  
Feel your heart cold, tell me what I got to erase  
Got a dark soul, but with you I kinda feel safe  
Ever feel out of place, hit me, I'll be there, quickly  
No it ain't too big a problem I'll face about you  
I'm with what you with girl, I will never doubt you  
No there ain't no nigga in this world can out do  
What I'm willing to do for your love  
Your smile, your kisses, your hugs,  
I'm just fucked up about you so I...

I just wanna show you that I can do better  
Baby I won't stop...  
till you let me give you what you want
