

# lil tracy x lil peep, backseat

[Intro]  
Toreshi

[Chorus: Lil Peep]

Telling me you love me while we fucking in the backseat  
Back of the club with the clique if you ask me  
I don't wanna talk, I don't need friends  
I'ma get a Benz, will you love me 'til the end?  
Love me while we fucking in the backseat  
Back of the club with the clique if you ask me  
I don't wanna talk, I don't need friends  
I'ma get a Benz, will you love me 'til the end?

[Verse: Lil Tracy]

I know you love xans, but there is no way you forgot about the way that I held your hand  
Should we try again, give it another chance?  
I don't think it's worth it, I don't think it's worth it  
Pouring red wine in a chalice  
I sip slow, can't spill it on my fabric  
You're like a switchblade, cut right through me  
I kinda like it though, baby, cut through me  
Vampire in the club in the back now  
Heart-throb girls have me as their background  
I don't care though, I want you to care though  
I cast a love spell, baby, you'll be back though

[Chorus: Lil Peep]

Telling me you love me while we fucking in the backseat  
Back of the club with the clique if you ask me  
I don't wanna talk, I don't need friends  
I'ma get a Benz, will you love me 'til the end?  
Love me while we fucking in the backseat  
Back of the club with the clique if you ask me  
I don't wanna talk, I don't need friends  
I'ma get a Benz, will you love me 'til the end?
