Ya, C3 Baby

Young Weezy and Young Currency, You understand me?

[Chorus]

Di-Diamonds and Girls (Uh-Oh)

[Verse 1:]

Get em

Ugh

Like 5,6 chains on him

Slick Rick, no patch just frames on him

Marc Jacobs Aviators and a V-Neck

10 bitches, 10 pistols on the P jet

And a drop top Madena with the top up

I'm in that bitch getting net like a shotput

100,000 for the grill, if I lie I die

Flow sick so sick see the cianide

And heres my most funniest joke, I'm broke (haha)

Don't worry 'bout me, the money got me

And I keep the burner on me like an I.D.

The Lamborghini orange like vitamin C

And leave a bitch stuck like a kite in a tree

Weezy F. B., the money is the matter

I'm working like a bad bladder, M.O.B.

[Chorus]

Di-Diamonds and Girls

Di-Diamonds and Girls

Di-Diamonds and Girls

Di-Diamonds and Diamonds

Di-Diamonds and Girls and girls and girls

Di-Diamonds and

[Verse 2 - Currency:]

Yeah

Hailing from the bottom of the map

But standing at the top of the game

Kush got a nigga looking like I could really use a nap

But I'm still out wildin' with the gang

Got diamonds in my chain

More colors than the Northern Lights

Life is a traffic jam but I'm on a motor bike

Zig-zagging past these bastards, laughing at them

I got them suicidal like the doors on the Phantom

Yeah, hot spitter nigga, who you thought it was

Bitches want to hold me in the morning like a coffee mug

I don't try to lock them down cause I'm not an officer

I just knock them down in groups of ten

As if I'm in the lane aiming for bowling pins

Then the style switch so quick

Have you thinking that the disc skipped

Pimping serious

Make them bring it back like pass interference

[Chorus]

Di-Diamonds and Girls

Di-Diamonds and Girls

Di-Diamonds and Girls

Di-Diamonds and Diamonds

Di-Diamonds and Girls and girls and girls

Di-Diamonds and

Di-Diamonds and Girls

Di-Diamonds and Girls

Di-Diamonds and Girls

[Verse 3: - Lil Wayne]  
Speed boat, white Beater  
Balling like Derek Jeter for every reason  
That Testaroaster can get ghost like it never seen ya  
The same color as Sesame-a, Diarheam, The pioneer-a  
I am here-a, right here-a  
The watch nasty like gonorrhea  
Money long like Nia  
I appear-a via satellite  
Whoever don't like the premier-a, he a hermaphrodite  
Vegetaters up in my ear-a, get it clear  
Pretty women want this nigga right here-a like Richard Gear  
I switch the gear-a  
And stear and disappear  
And if I ever jump off a pier I would probably fly  
[Chorus]  
Di-Diamonds and Girls  
Di-Diamonds and Girls  
Di-Diamonds and Girls  
Di-Diamonds and Diamonds  
Di-Diamonds and Girls and girls and girls  
Di-Diamonds and
