

# Lil Wayne, I'm Raw

Mic check 1, 2 on the way to third  
Flow sick; put a straight jacket on my words  
So sick, they think theres something in the herb  
They think im gone, but im fine like a womans curves  
My personality is far from your reality, i'm closer to your girl  
Now come on hold on embarrass me, there is no comparison  
This right here be kerosene, carousel, parasail, im higher than everything  
When I spit u cant drink it like your 17  
I can show a million pair of eyes that theyve never seen,  
And I can do this in whatever the weather brings  
Picasso couldnt paint a better scene, colossal  
Now give me the mike and i'll rock like a fuckin fossil  
I'm mad at the track, and i'll beat it like hector commadule  
Wats poppin, wat it do, wats happenin, wats crackin, que pasa  
The hospital, mi casa su casa, bad, i'm red, and these niggas just squares  
Like plaid, and if theyre cool, then i'm cold, I gets money all day like the toll bitch  
(chorus)  
im raw (x8)  
i got the \_ low i can see the floor (x2)  
im raw (x8)  
im bout to murder this shit (x2)  
im a b.e.t soldier and a MTV gangsta  
i will be on VH1 when i'm done being famous  
explain shit i have made my way  
and you are just a stain bitch you will fade away  
like a homerun in the bottom of the 9th inning  
and im fresh like im by mining  
im on the clock like 5 minutes  
tryna get passed the line of scrimmage yeah..  
and before i leave her thighs spinnin  
she give me face first like she done dived in it  
and if she tall i can climb in it  
i usually dont have a time limit  
and eating pussy aint a crime is it  
if so i should start working on my jail visits  
you know  
i'm in the game they just sell tickets  
man i got old bread like stale biscuits  
feeling froggy all you gotta do is yell ribbit  
turn ya ass to a statue like an exhibit  
now lets get it , let me at em  
leave my cage open  
with no pyro i leave the stage smokin  
bitch the best thing since breath bitch  
suffocate  
(chorus)  
im raw (x8)  
i got the \_ low i can see the floor (x2)  
im raw (x8)
