And the guns go [drum beat]... haha

Why ya boyfriend acting like secret service
Ima get you by yourself and get my secret service
Im on the purple urple and now the earth is bouncin
Ive climbed the highest mountain
And baby girl the coupe is fountain blue
You see them green and yellow diamonds call it mountain dew
I got the crib in the sky with city view
And i take a skinny bitch if her titties new

[chorus x4]

Gucci shoes, gucci buckle, gucci belt, gucci bucket
Sharper than the yellow number 2, i doesnt what i do
And if you didnt know, now you knew

Red truck yellow suit...
And i treat money like glue
You know i gotta stick to the paper...
You know im like a staple
Thats why i got the cashmoney right above my navel
Young money is the label
Money, bitches and cable
We multiplyin money, sittin at the time table... haha

So holla at a nigga when you see me on the grind
And bust that pussy open like we runnin out of time
And dont say a word
Just act like a mime
The girl may be yours but the pussy is mine
Okay
