## Lil Wayne, Kush

(chorus)

Yeah, and we smoke that kush

Yeah, that kush

Yeah, and we ball like swoosh

Yeah, like swoosh

Yeah, and we smoke that kush

Yeah, that kush

Yeah, and we ball like swoosh

Yeah, like swoosh

Yeah, now how ya like me now...

(verse 1)

Got the hoe goin' till 6

Press a button, watch the mother fucker do tricks

I don't know what you are on, but I'm on some new shit

While you're bitch is on my dick, like a glue stick

I got a grill, I don't have to get my tooth fixed

The tooth fairy would retire if I loose it

Straight out the clip, that's how I spit like an oozey

You can't find me 'cause I'm lost in the music

I'm runnin' this and I can jump the hurdles

I feelin' like I'm racing a bunch of little turtles

Keep a bandanna like the Ninja Turtles

I'm like a turtle, when I sip the purple

## (chorus)

And I smoke that kush

Yeah, that kush

Yeah, and I ball like swoosh

Yeah, like swoosh

Yeah, and we smoke that kush

Yeah, that kush

Yeah, and we ball like swoosh

Yeah, like swoosh

(chuckles) so how ya like me now...

## (verse 2)

Buck 60 on the dash, I'mma do two

Captain Crunch, these niggas is Fruit Loops

That's why your girl wanna fuck me and my group too

And I'mma make her back it up like "droop shoop"

I'm the Birdman Jr., I gotta do coups

I hop up out that mother fucker, holler "suwoop"

Hollygrove 17, I'm from the zoo crew

You would think every animal in the zoo loose

(Fuck with me) I'm on that screw juice but I keep my shit together, not a screw loose

Yeeaahh, word to my Gucc (Gucci) boots, I'm higher than a new suit

## (chorus)

Till we smoke that kush

Yeah, that kush

Yeah, and we ball like swoosh

Yeah, like swoosh

Yeah, and we smoke that kush

Yeah, that kush

Yeah, and we ball like swoosh

Yeah, like swoosh

now how ya like me now...

(verse 3)

Buck forty on a ring that I don't really wear
But I bet it light up the night like the city fair
This shit ain't fair, I didn't have to go there
But all this ice got me feelin' like a polar bear
I'm so aware, I'm so prepared, I'm so fly I will take off into the open air
Lift off, Cristal, please, crackers with cheese
Nigga please, we on J-E-Ts like Curtis Martin and whitley green
I'm... lightin', light the thing, light the thing, no Reggie man

(chorus) You know I smoke that kush... And I ball like swoosh

You know I smoke that kush... And I ball like swoosh

now how ya like me now...
