

Lil Wayne, Pussy M.v.p.

You're going to love me baby

[Verse]

Fresh checkerboard Vans and a t-shirt

And it's going down, but she first

My flow sweet, make my teeth hurt

I spit ice cream bars, that's dessert

To me there's no such thing as a G-1st

Ya, my feature price high like a mink purse

I smoke a whole reef of the reefer

Drugs are bad but I beg to defer, sir

I just take a look at her face

So she can see that my shades are Versace, and she purr

Cause I'm a cool cat per say

So I give her my life and now I got 8, word

She asked me to go over her place, I said sure

She said she's been horny all day, I got the cure

I'm on her like turf

Now bring that ass, bring that ass, bring that ass hurr Ya Digg

[Chorus]

I, I, I Don't know that you been told

But I can tell you something 'bout me

I smoke weed, I drink, and I roll

Now is you fucking with me

Now I can't tell shit 'bout the next man

But he ain't got nothing on me

Cause after a pill and half and a shot of Patrone, I'm a Pussy M.V.P.
