

Lil Wayne, Spitter

Verse 1:

What ya mammie told ya
Bout fuckin round with them soldiers
Told you I'll be back, I'm comin
I got that Tommy Lasorda
That's blood all over ya sofas
Blood all over ya posters
Blood all over ya shoulders
Blood all over the strollers
Do that shit, I done that shit
It's Weezy baby, he's a baby
But that nigga run that shit
Make that money come back quick
Take that money from that bitch
She know what it be, M.O.B.
Pistol right there in my reach
You know what it be, him or me
Bitches know when that limo leave
Two words, room key
Where, pimp house suite
Where, not a damn thing
I'm here, botta bam bing
My hand bling, my wrist bling
My neck bling, my ear bling
