

Lil Wayne, Thinking Of U

[Lil' Wayne]

Uh, and mommy used to tell me one day some girl gone get me

Uh, but I wont know love if it walk right up and hit me

Uh, and if I fall to the ground I get up and fight another round

Girl, and I got money on my mind, money on my mind, but now...

[hook]

I keep thinking of you, I keep, I keep thinking of you, I keep thinking of you

Girl, I keep thinking of you, I keep, I keep thinking of you, I keep thinking of you (x2) girl!

And we ain't even gotta go far, we ain't gotta talk about the war, we can just (Get it (7x))

I said we ain't even gotta go far, we ain't gotta talk about the war, we can just (Get it (7x))

[Tyga]

Damn im just thinking home 3 winner

Chripping late night, she had the light up antenna

Voices far from tenna

13 speaking like we 23 sometimes I would even miss dinner

Cause talking with you felt more impotant than Jordan's release when the 17's, remember?

I get em, simalar to any girl I've metion

They only thought I'd metion I'm only playing with your intuition

You seem to think that I was different

But too flashy for boyfriend material

But I beg to differ

and this is it im showin' you more material,

Now listen, let's Kiss, like Gene Simmons

I've got a vision, fuck a title,

We the perfect image, you and I

No eyein' them, them girls, you be eyein' 'em, cause they be eyein' him

They water stronger than vitamins,

Lovin' you to death, I didn't expect

Beautiful girls, make you suicidal,

I guess I'm dyin then..

[Lil' Wayne]

Uhh, up jump the boogie, and shorty said she feelin' my flavor

And even when I ain't lookin', I got her on my radar

And yes I know man I am so, so blessed to have her,

So yesterday, today, and the day after I keep thinkin' of you,

I keep thinkin' of youuu

[hook]

I keep thinking of you, I keep, I keep thinking of you, I keep thinking of you

Girl, I keep thinking of you, I keep, I keep thinking of you, I keep thinking of you (x2) girl!

Shorty said she feelin' my swag

Shorty said she feelin' my style
