

LIL YACHTY, sAY sOMETHING

It's on

Lately, you been like the bullet stuffed inside my gun
The restaurant's about to close, conversation carries on
Analyzing your thoughts, trying to see what you're on
Half drunk, fully high, you're grabbing my wand
Leave your past in the rear, it's time we overcome
Our energies align inside of your pond

We could live a dream life, wild, oh
Got me feeling like a teen again, yeah
It's feeling like it's teenage love
If you feel the same way, then say some
Say some
Say something, oh
I can make it worth your while if ya say some

Say some
Say some

I been trying hard not to make scenes
I just got so much passion for you
You've been sending mixed signals to me
I've been steady moving close to you
I get so upset I fell in love
I get so excited next to you

We should run away, forget the crowd
We should run away, just me and you
Think of all the things that we could do

We could live a dream life, wild, oh
Got me feeling like a teen again, yeah
It's feeling like it's teenage love
If you feel the same way, then say some Say some
Say some
Say something, oh If you feel the same way, then say some

I need your love, ooh Love
I need your love, ooh Your love
I need your trust, whoa Trust me
I need you here

So, so how you? How you scoop that?
I'll tell you, dawg
I told da bitch, "Baby, I'll lie for you, baby
I'll die for you, baby
Baby, I'll paint the sky for you, baby"
Just like that, brother Word?
Just like that I need to be on that
It's easy
