

Lil Zane, Tonite, I'm Yours

(Tank:)

Oooh oooh

(Zane:)

(I can never do too much)

Yea, um, I know I been gone for a minute but tonite, I'm all yours

(Chorus - Tank:)

Girl tonight, I'm yours

Turnin' off my two-way

Turnin' off my phone

I'll tell my friends to leave so we can be alone

Clear up my schedule

Cause tonight I swear I'm all yours

(I can never do too much)

(Zane:)

Our whole relationship is based on trust

And for you I can never do too much

You, kept me secrets and held me down

Plus you, stayed loyal when I wasn't around

And I know it wasn't easy, I was never home

Concerts, videos, and you was all alone

We spent many talkin' on the phone

You started catchin attitudes

I heard it in yo tone

I used to tell I'll be back when I could

You think I'd leave my babygirl in the hood

I would never do such thing

I wanna show you what true love brings

Imma put you on a pedestal, love so incredible

Victoria Secret's candy thong so edible

Spiritual, mental, not just sexual

I'll deaden all my plans to get next to you

(Chorus)

(Zane:)

I made reservations at your favorite spot

Pull up, tip the valet at the parking lot

Got a table by the fireplace, candlelit

Tonight, we gone stick to the manuscript

Start it out with a bottle of Cris, followed by a kiss

I can taste your lip gloss on my lips

So, candy sweet with your bubble gum tongue

The type of stuff that keep a brother straight sprung

And I try to play the tough guy role

And hold back but I'm losing control

When it comes to you I can't explain how it feels

No more games baby, Zane is for real

You been askin' for quality time, now you got it

Anything you want you can have, think about it

I been caught up in the hype so long

Now you never spend your nights alone

Cause daddy's home

(Chorus)

(Tank:)

All the love that you deserve I wanna give

And tonight I'll show you its for you I feel

Everything I do is for you & I

So baby let's ride

(Zane:)

To the fellas
While you're out on the grind
Don't forget about your homefront
Spend some time with your lady
Or the next man will
If you don't treat her like a queen
You gone see what I mean
When's the last time you told her how you felt inside
Held her hand and caressed her while you looked in her eyes
Let her know that she's everything you need and more
For you my feelings are pure
And tonight, I'm all yours

(Chorus)

(Singer:)
I had some problems
And I didn't know how to solve them
Oh baby but you were the answer
I'll be giving you all my token
I'm your's.

(Chorus)
