

# Lil' Zane, Young World: Beautiful Feelin'

Such a beautiful feeling  
Such a beautiful feeling  
Such a beautiful feeling  
Such a beautiful feeling

I know a lot of times, it seems like it gets hard, but you got to always keep faith and always look for

You got the attention of all the fellers  
So the chickens are jealous  
Stay at your toes when it rains  
Trying to hold your umbrella  
The new meat in town  
All the niggers want to get down  
When getting no play they frown  
You on they bad side  
They calling you bitch now  
Sophomore year  
Two years to go  
All you trying to do is get your first car  
And make dough  
Got a part time job  
And the man calling your bluff  
Always out to cheat  
As if you love wasn't enough  
Problems in the home  
Daddy dearest done turned abusive  
He got your mom scared  
So thoughts are skipping out are useless  
How can you get good grades  
When you can't keep your focus  
Sixteen and getting hit  
This drunk nigger think he Joseph  
Giving you black eyes  
So in school you wearing glasses  
Friends ask what happened  
But believe behind your back they laughing  
You show no worry  
But the pain don't hide  
Baby girl wipe your eyes  
I'm here so don't cry  
And it's

Such a beautiful feeling  
Such a beautiful feeling  
Such a beautiful feeling  
Such a beautiful feeling

Eternal fire tell you lies  
Telling me I was safe  
I can't take it no longer  
Father open the gate  
I've seen all I can take  
Child killings and rape  
The same niggers that I used to love  
Was showing me hate  
My harsh lyrics and my spirits  
Through you body and soul  
Making you feel the way I felt  
When these rhymes was wrote  
My antidote  
A little weed smoke  
Time and thought  
Making me come up with that raw shit  
Hurting your heart

I know you feel me  
Cause you know things I'm saying is true  
Now would I lie to you  
About my life  
And what I been through  
Tell me have you ever lost a best friend  
To drugs and gats  
Had to tell his mother  
Knowing she would have an attack  
Sorry lady  
But your son and I were running the block  
Ran up in the wrong neighborhood  
Flossing our knots  
Acting foolish  
When we should have been  
Home in the bed  
Resting instead  
Tony took two to the head  
He never made it

Such a beautiful feeling  
Such a beautiful feeling  
Such a beautiful feeling  
Such a beautiful feeling

I went hot summers and cold winters  
With no dinner and a  
Freezer full of ice  
It's nothing nice  
And I never cream in my life  
So when I did get it  
I had to work and run wit it  
Have fun with it  
High speeds in 740's  
Niggers staring hard  
Mini battles and war stories  
Bitches love my scars  
Sweating Kev' cause he paid  
And plus he from the yard  
No superstars  
Living gods  
That's what we are  
Town to town  
Dick them down  
That's how we do it baby  
Under covers  
We with rubbers  
Cause catching AIDS is crazy  
I do the unbelievable  
And talk the sweetest game  
And see more dough  
Then snipes on the money train  
Me being broke  
Is the funniest joke  
That's like a nigger telling me  
I stole a song he wrote  
And I ain't trying to get caught up  
In all that madness  
Life is good  
Young world follow me  
Let's get up out the hood
