

# Lillix, Dirty Sunshine

nah nah nah

dirty bedclothes  
a spider creeping up the wall  
moldy pizza  
sits where I left it on the floor

what's that breeze upon my face  
how dare you invade my space?

you hit me  
it all turns to sunshine  
dirty sunshine  
you walked in  
it all turns to sunshine  
dirty sunshine

I slam the door  
and shut the blinds  
dirty sunshine

I feel like shit now  
but I don't mind  
'cause it's that time again  
I'm in my sweat pants  
and I'm a mess  
don't want to let you in

your sweetness gives me cavities  
you're all that I don't want to be

you hit me  
it all turns to sunshine  
dirty sunshine  
you walk in  
it all turns to sunshine  
dirty sunshine

I slam the door  
and shut the blinds  
dirty sunshine

I don't wanna believe  
your merry go rounds  
stop picking me up  
when I want to be down  
scratch my nails on the floor  
and I'm likin the sound

whats that breeze upon my face  
how dare you invade my  
you...  
you walk in and it all shines bright(2x)

you walk in  
it all turns to sunshine  
dirty sunshine  
you hit me  
it all turns to sunshine  
dirty sunshine

I slam the door  
and shut the blinds  
dirty sunshine

you walk in and it all turns bright  
sunshine, dirty sunshine
