

Lillix, Only For A Day

chorus

If my thoughts of you are to be wiped away,
Then I wish they'd stay if only for a day,
In your arms, I hope I may lay,
In th pouring rain, under a sky so gray,

verse 1

When I think of you, I think of skies of blue,
When I dreamt of you, there in my dreams, I flew,
To be away from you is torture,
I know so much of you, I always knew,
I'm just saying good-bye to you

And...

(chorus)

Verse 2

I have to leave this life behind
I have to fly free, like my mind
I have to see where I belong
I have to finally sing my song

(chorus)

verse 3

I'm tryin' to remeber our first kiss
That is why everytime I was with you I was full of bliss
If I have to forget you
I'll try to remember this

But I just don't wanna say good-bye to you

And I can't let you go

La, la, la, la, la la, la

La, la, la, la, la la, la

La, la, la, la, la la, la

Yeah, yeah, yeah, yeah

(chorus)

I promise to remember you

If you remember me, too

I'd do anything for another kiss

(chorusx2)

And I'm sorry to say, Good-bye
