

Lillix, Yesterday , Tomorrow , Today - This Song

yesterday
can't remember what I did
who was there
or what was said
I think I hurt
or was I sad
but it was yesterday
it was the past

tomorrow
is coming soon
who will I see
what will I do
will you turn up
and be with me

but it's today
tonight i'll pray
that tonight I can sleep
with peace
not cry about you and me
then i'll wake up.....

and it'll be tomorrow
with no more sorrow of yesterday
i'll start again
and think.....

yesterday
can't remember what I did
who was there
or what was said
I think I hurt
or was I sad
but it was yesterday
it was the past

tomorrow
is coming soon
who will I see
what will I do
will you turn up
and be with me

but it's today
tonight i'll pray
to start tomorrow
off fresh and say.....

yesterday.....
tomorrow.....
today!
