

# Lily Allen, I Could Say

I could say that I'll always be here for you,  
But that would be a lie and quite a pointless thing to do,  
I could say that I'll always have feelings for you  
but I've got a life ahead of me, I'm only 22,

Chorus

Since you've gone I've lost a chip on my shoulder,  
Since you've gone I feel like I've gotten older,  
And now you've gone it feels as if the whole wide world is my stage  
And now you've gone it's like I've been let out of my cage,

You always made it clear that you hated my friends,  
You made me feel so guilty when I was running around with them,  
And everything was always about being cool,  
And now I've come to realise there's nothing cool about you at all,

Chorus

Since you've gone I've lost a chip on my shoulder,  
Since you've gone I feel like I've gotten older,  
And now you've gone it feels as if the whole wide world is my stage  
And now you've gone it's like I've been let out of my cage,

Instrumental

Chorus

Since you've gone I've lost a chip on my shoulder,  
Since you've gone I feel like I've gotten older,  
And now you've gone it feels as if the whole wide world is my stage  
And now you've gone it's like I've been let out of my cage
