

# Lily Allen, Sunday Morning

Sunday morning  
We were lying in bed just the two of us under cover  
Under cover

With no warning  
You suddenly became more than my lover(-a-a-ahh)  
I've been waiting so very long for you to say it to me  
Say it to me  
I'd be skating  
Skating on thin ice if I don't agree(-e-e-eee)

I know that you're the one for me  
But it took me by surprise  
And if I say it back to you  
I can't look you in the eye  
But I don't want to lose you  
And I don't want to confuse you  
I guess that this my cue to give you my reply

(Chorus)  
And you killed it  
You killed it  
You killed it with I love you

And you killed it  
You killed it  
You killed it with I love you

And you killed it with I love you  
What am I supposed to say back to you  
And you killed it with I love you, with I love you

I know it's only  
Only three little words that I seem to be so scared of  
I'm so scared of  
So please show me  
How to get these words off the tip of my tongue and out of my mind.  
I know that you're the one for me but it took me by surprise  
But if I say it back to you  
I can't look you in the eye  
But I don't want to lose you  
And I don't want to confuse you  
I guess that this my cue to give you my reply

(Chorus)

I have been thinking about what you said  
Three little words running round in my head  
There's no one else that I'd rather be next to  
I guess what I'm trying to say is I love you

(Chorus x3)
