

Lily Frost, Not Available

Chorus

There's a sign flashing 'bove your head.

NOT AVAILABLE

There's something about you that says

NOT AVAILABLE

Something's telling me to forget about you
but I'm in too deep, too deep to let go.

Who's this new girl in your life?

I met you once but now I can't deny,

I think you're the best thing that happened to me.

But now my dreams are crushed because of her.

She's taken you so you're

so

NOT AVAILABLE!

Bridge

Call me crazy.

Say I'm nuts.

But don't tell me that.

Chorus

I'm feeling crushed

I'm feeling rushed.

Because you're so

UNAVAILABLE.

I should have known from the start

But now it's tearing up my heart.

What to do?

What to say?

I really don't know....
