

# Limozeen, Because, It's Midnite

Walkin' the streets  
I got a feelin'  
It's leather tough  
You better believe it  
Wakin' up late  
I sleep in the gutter  
Breakin' the chains  
You better cut me some

(CHORUS)

Heart of a lion  
And the wings of a bat  
Because it's midnite!  
Heart of a lion  
And the wings of a bat  
Because it's midnite!

Sunset strip,  
California  
West Hollywood  
I'm gonna warn ya  
Street smart soldiers  
Takin' up arms  
Bringin' the metal back to where it belongs!

(CHORUS)

(synth solo)

Liquid and leather  
In equal measure  
Champagne glass  
Mix 'em together

(sung)

Sweet city sweat  
Vampire love  
Crimson flows down from the  
Wings of a dove  
Floatin' over the pavement,  
Guitars take flight,  
Wearin' my tightest pants,  
Because it's midnite!

(CHORUS)
