

# Limp Bizkit, Everything

I'm so frustrated  
Some things are making me so sick inside  
Aw go with your heart, go with your heart  
Yeah right  
Quit tuggin' me  
Aw, i'm just not good enough for you  
Let's change  
Let's be something everybody else is  
Aw so much built up inside  
It's fucking ridiculous  
I don't know if i should freak tha fuck out on you  
Or just sit back and laugh  
You want more  
You don't have anything  
Me, me... i have everything  
What more could i ask for? Nothing at all  
Why did it have to be this way at tha end  
Why did it have to be this way at tha end
