

# Limp, Get Away

I wasn't looking for an even ciew of  
you  
I wanted nothing more, confirmed  
When I met you  
Fucked up and lost for words, I knew  
I'd been reduced  
Brought down to serve a term, a  
splendid servitude  
you knew it wouldn't work, I knew  
it wouldn't not  
you had the upper hand, I fell  
and never stopped  
you barely even cared, that I had  
come undone  
My heart is coming loose....

And this is what I will do  
I do it for you, 'cause you, you do it  
for me  
And we, we got it all right, I can't,  
I can't let you get away  
Get away from me now

So far I'm still around, right here and  
facing you  
we've had our ups and downs, and that's  
the painful truth  
I don't care if I, if I win or lose  
I just want to play, play the game  
with you  
I know it doesn't get any better than  
this  
How do I make you see that this is  
something you'll miss?  
I'm going to hold the door for as long  
as it takes  
I've never wanted more....

Reaching the shore, found by the ocean  
come so far we could fly  
Fly away, carry us, us away  
Blurry days, lapse of time, lost in our  
Get away
