

Lind Espen, Baby Your So Cool

Oh my god here I go again Im
About to get in deep
Im completely obsessed with you and
Thats why I lose my sleep
Can I be your shepherd can I hold the torch and light the way
I just wanna hold you smell you have you every day
Can I have your inner secrets can I write about them in a song
Just dont keep me hanging Ive been hanging much too long
Oh baby youre so cool
So beautiful I bet you rule
And youre nobodys fool
Oh baby youre so cool
I love your white lies your spunk your grand prize
The evil in your eyes
Your smell your levis your taste your dress size
Your see-through alibis
I follow you around all day I cling to you like Im some kind of tail
I sleep outside your doorstep and sometimes I even read your mail
I watch you every weekday and I watch you sundays in the park
Baby are you nuclear cos youre glowing in the dark
Oh baby youre so cool
So beautiful I bet you rule
And youre nobodys fool
Oh baby youre so cool
My perversion my introversion has got me on my knees
Lets get down and explore each other so I can find some peace
One look at you its clear Ive never wanted anyone this bad
Im pretty damn sure youre better than the best ones that Ive had
Youre such a trip just watching you sends shivers down my spine
I bet youre really bad for me now I just gotta make you mine
Oh baby youre so cool
So beautiful I bet you rule
And youre nobodys fool
Oh baby youre so cool
