

# Linda Davis, There's A Problem At The Office

He calls to tell me he'll be late again  
There's a problem at the office  
So don't wait up for him  
And I guess I shouldn't worry but I do  
Cause a woman senses changes  
Her man is going through  
He's changed the way he's worn his hair for years  
And bought some shirts in colors  
I've never seen him wear  
And when we touch that old time feeling's gone  
There's a problem at the office  
And it's hitting close to home  
There's a problem at the office  
He can't seem to solve  
And it's taking him away from  
Everything he loves  
Oh and if it's what I think it is  
It's gonna break my heart  
There's a problem at the office  
And it's tearing us apart  
I've only seen her twice  
He says she's new  
But there's something there between us  
And my heart feels it too  
Oh the way she looks at him it's hard to miss  
There's a problem at the office  
I think I know who she is  
There's a problem at the office  
He can't seem to solve  
And it's taking him away from  
Everything he loves  
Oh and if she's who I think she is  
It's gonna break my heart  
There's a problem at the office  
And she's tearing us apart  
And I hope and pray it's not too late  
To try and work things out  
There's a problem at the office  
We need to talk about
