

# Linda Eder, Vienna

Watching the rain fall in Vienna  
Pictures of another time  
from the corner of a small cafe  
we watched the world go by  
now we sit here the best of strangers  
we played the game for all it's worth  
endless nights in Vienna's eyes  
Take me back again  
Cause in Vienna-We were poetry  
Yes, In Vienna-love was alive  
watching you watching me  
all that our eyes could see  
all of the nights  
we chased into the dawn  
it was the best time of my life  
we can't surrender to a feeling  
that dance belongs to yesterday  
yet, i still hear Vienna's song  
take me back again  
Cause in Vienna-We were poetry  
Yes, In Vienna-love was alive  
watching you watching me  
all that our eyes could see  
all of the nights  
we chased into the dawn  
it was the best time of my life  
Cause in Vienna-We were poetry  
Yes, In Vienna-love was alive  
watching you watching me  
all that our eyes could see  
all of the nights  
we chased into the dawn  
it was the best time of my life
